6th Grade: Major & Minor Chords

What's the difference between major and minor chords?

Click on link to find the answer.

Difference between Major and minor chords

Use the 1b. Jam Card "minor chords." Set up the Root (red) key lined up with C and play all 3 notes as a chord. Then move the Root to different notes to make different minor chords. Remember to use proper finger (1, 3, 5).

B minor & G major chord for Stye by Taylor Swift

Did you use the alternative finger placement for the Taylor Swift song?

**Evidence of learning: Call Mr. Woolley to perform B minor 4 times & G 4 times with a steady beat & tell him with difference between major and minor chords.**

Take Jam Card 2a, practice the 3 different shapes starting with he Root 1 on C. Different shapes of the same 3 notes in a chord are called inversion
