SAU 21/90 DISTRICT CONCERTS

Our Annual multi-district Choral and Senior Band concert is here!

This is an exciting event for the students of the districts!

The date for this concert is March 27th.

Our annual multi-district band and chorus festival has a new format this year. This year we are **only** combining 8th grade and high school band and chorus students. This is an effort to help give 8th graders more opportunities to get to know future peers, teachers, and WHS music programs and boosters. Many friendships are formed at the awesome concert events! Both the band and chorus concert will occur on the same day.

The itinerary includes leaving school at 12:45pm on March 27 to go to Winnacunnet. At WHS both band and chorus will rehearse with all other 8th graders under the direction of the high school instructors. Then the band and chorus will perform their concerts for each other. Next all 8th graders and high school students will have dinner in the dining hall. Music boosters will give a pizza dinner if students paid \$5 prior to that night. After Dinner the chorus will perform their concert at 5:30. Finally the band concert will start at 6:30. The key to timing is having chorus students and parent go home so there is parking for band parents.

Talent Show!

The Talent show was a big success! Students, parents and community members had a good time seeing our youth shine. We raised approx. \$200 which will help students who need financial assistance so they can attend the music field trip. It will also help cover some of the chaperone costs as well. The 4th grades were a fun addition to the talent show and was a great opportunity to work with Mr. Woolley. Thank you for your support!

Other Music News!!!

Great East Festival

There will be another permission slip for the students coming home in April. This slip will be for the student pick up/bus selection, shirt size and any medical concerns.

The date for the Great East Festival is quickly coming up! The date for Great East festival is May 25th where the students will travel to Amesbury Middle School to perform. After the performance, the students will board the busses and travel to Canobie Lake Park to celebrate all their hard work through-out the year.
